Where: St. Gregory the Great Parish Hall

Who: Hosted by Mad Science

Sponsored by your PTSG

All school families are welcome to attend.

Admission is free.

What is Family Science Night?

1

Mad Science Show

See amazing chemical reactions and combustion in action in this 45 minute, high energy, interactive show:

Spin! Pop! Boom!

2

Make & Take Booths

Slippery Science: Discover the ooey-goey origins of plastic. Make your own slippery slime.

Eye-Spy: Make a periscope that allows you to see around corners and over crowds.

Mighty Magnets: Build your own floating magnet set that shows how poles attract and repel.

3

Science Stations

Hands-On Scientific Discovery

Optical Illusions- Learn about reflection, lenses and how light travels

Magnetism: Use magnets to defy gravity and levitate objects

Dry Ice: Explore states of matter and learn about the extraordinary properties of dry ice.

RSVP please to the school office (office@stggcs.org) by Wednesday, May 10, to ensure adequate supplies are available for all students.
